Oil Trail on I-195

An accident occurred Friday afternoon at about 1:13 when over 1000 gallons of heating oil was strewn for more than 1 mile along the westbound lane of I-195 in Mattapoisett. These two photos taken from the Acushnet Road overpass are of the scene just as traffic began to move. The upper photo, towards Fairhaven, shows the tank truck and cleanup

Mattapoisett Selectmen's Meeting

FEBRUARY 17, 1987-by VIRGINIA ARRAL

THREE DEPARTMENTS WILL SHARE TOWN MECHANIC'S SERVICES

Attending a joint meeting with Selectmen last Tuesday were Police Chief James F. Moran, Fire Chief Donald Wood, Highway Surveyor Manuel Nunes and Town Accountant Betty Sears to discuss ways in which the services of Town Mechanic John Bowman can best be utilized and a payment structure agreed upon. Water/Sewer Superintendent William "Nick" Nicholson was scheduled to attend, but was called out for an emergency when a leaking pipe at Water and Pearl Streets was causing a problem.

Chief Moran expressed concern with the correspondence sent to Nunes and Bowman from the Selectmen's office saying the mechanic should not work on repair calls without first checking with Nunes.

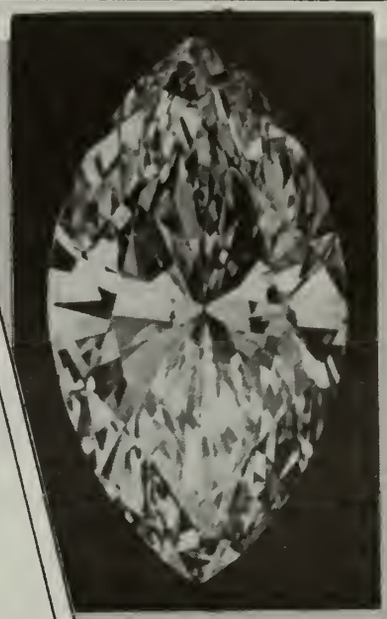
Presto Friends:



Let's discuss clarity grade of diamonds. Believe it or not, there are up to twenty-one (21) different types of inclusions possible in a diamond. They are as follows: natural, extra facet, pit, cavity, nick, abrasion, scratch, polishing lines, external twinning lines, feather, included crystal, dark included crystal, knot, pinpoint inclusion, group of pinpoint inclusions, cloud, internal twinning, laser drill hole, bearded girdle, percussion mark, hairline feather.

The position within or on the surface, the number of inclusions, and whether or not they weaken the diamond, determines the clarity grade. Only a Jeweler and G.I.A. graduate can properly assign a clarity grade, which is the opinion and decision of the grader.

Merchandisers who constantly run 50 to 70% off sales do not have the knowledge to grade diamonds, and tend to upgrade the clarity of a poor diamond.

Buy only from a reputable Jeweler.

Moran said if a patrol car breaks down during the night or on a weekend, "we can't leave the vehicle unattended or it would be stripped by morning". Moran said that anytime Bowman was called out "we had a punched time card for him".

Chief Wood explained if he needed work done in the middle of the night he didn't think Nunes wants to be called at the time just to give his permission. Wood and Moran agreed they can't deal with emergencies this way. Also, there are times when Nunes is not available, like a recent case when the chief finally had to get Selectmen Chairman John DeCosta's permission to call Bowman out.

Selectman Frank Suzan and the Town Accountant said there have been some abuses of overtime. Chief Wood responded saying, "you seem to think we are going to abuse the overtime". It was determined Bowman can get overtime only when it

is authorized-but not a decision of his own.

Wood said there is no denying Bowman has saved the town money. "It used to cost me $35. per hour to send a fire truck to Middleboro for repair. We won't call him any more than is absolutely necessary." Wood added that Bowman is now a volunteer fireman and his services have to be separated with a different hourly wage when he is fighting a fire versus repairing a truck.

Manuel Nunes said his problem is not knowing by 7 a.m. whether Bowman is coming in to work or has he worked overtime the day before. "I have to figure his pay slips for the town accountant and I have to know what hours he has worked overtime and for which department."

It was agreed by all that the fire chief, police chief, and water department superintendent inform the highway surveyor each day by 7 a.m. if Bowman worked overtime the day before. Then, on a weekly basis, each department head will submit an accounting of Bowman's hours for Nunes to submit to the accountant for the final wages.

Town Counsel Donald J. Fleming commented, "I think you'd want the courtesy of a notice if your men weren't coming in if they worked a 10-hour day the day before. The decision on compensation time versus overtime pay is up to Nunes, but Bowman cannot build up more than 240 hours overtime--this is a federal law."

In other business, Selectmen:

DISCUSSED his department's budget with Steve Mach, Harbormaster. Mach

said high on his list for attention is the moorings in the harbor. Although the present estimated budget is $10,000, Mach said he was looking to speak to the Personnel Board about an increase for his assistant, Milton Heuberger, and extra funds to employ young people to work on the wharves this summer.

Mach said he had young people working last year and they worked out well. He recommended using them to combine stone chips with concrete to fill holes on Long Wharf before it is resurfaced, saying it should be done soon because after each storm it gets worse. He estimated the cost to resurface at $45,000. Selectman Frank Suzan asked Mach to get cost figures on labor, materials, and updating underground wiring before doing any resurfacing. Selectmen Chairman John DeCosta commented on the wage increases, saying "we have to work within 2½ and the Finance Committee". Selectmen agreed to recommend to the Finance Committee an article to resurface Long Wharf be placed in the town warrant.

Also discussed was the Harbor Patrol boat as to who is going to operate it this summer. Mach said last year the police department had funds to operate the boat, but that he will request extra funds for gas and oil for the boat. Selectmen asked Mach to check with Police Chief James Moran for an estimate

of the operating cost, hours patrolled last year and what the chief's plans are for the boat. Mach commented that the Lions' Club had donated a canopy cover for the boat.

Additionally, Selectmen strongly recommended the gas tank on the wharf be tested for leaks. Mach said the tank is about 25 years old.

MET WITH Jack McGarrie, president of the Mattapoisett Lions' Club, to discuss this summer's Harbor Days, sponsored annually by the Lions' Club, scheduled for July 17, 18 and 19 at Shipyard Park. McGarrie added there will be a bicycle race on Sunday, the 19th. Everything will be about the same as last year - nothing expanded, he said.

The Board noted the Lions' Club's Harbor Days has been well operated and enthusiastically gave their approval for the event. The club president asked about having the town band perform for a few hours and was told to contact Paul Alves, of the Band Committee.

Chairman DeCosta expressed thanks to the Lions' Club on the success of the Valentine Party on Sunday, February 15th, for shut-ins and for those living alone which was sponsored by the club and other town organizations.

shellfish warden's entitlement to compensatory time. "The shellfish warden, Brian Nunes, is a town official exempt from the provisions of the Federal Wage and Hour Act," Fleming said, and "Nunes should be advised that he is not entitled to compensation time as he is not entitled to overtime." Fleming also suggested Nunes may seek a review of the decision with the U. S. Department of Labor.

Fleming listed the following managerial, supervisory or administrative positions he believes are exempt from the federal law: Chief of Police, Police Lieutenant, Superintendent Water/Sewer Department, Executive Secretary to the Board of Selectmen, Town Accountant and Building Inspector.

HEARD FROM the Board of Health that Dale Barrows has been hired as the additional landfill operator. His employment will commence on March 1st at $6.57 per hour, working from 8 a.m. to 4 p.m. regular landfill days (Tuesday, Wednesday, Thursday, Friday and Saturday).

Health Agent Donald Wood said Barrows was one of the four applicants and has experience gained from working with a local contractor.

member of the Mattapoisett Housing Authority, term to expire on July 1, 1991.

DISCUSSED with Town Counsel the concern the Board has with the anonymous donation of a town resident for the ORR roof. "It was meant for a quick fix, and now we've got the money sitting there," said DeCosta. "How do we dispose of that money? What do we do with that donated money? I've received questions from residents about the money and how do we do it legally", asked board members.

Counsel Fleming said, "Off the top of my head, I'd say yes, give it back to the donor." He urged the Selectmen to talk to the donor. "It was given for a specific purpose", added Fleming.

Also with Town Counsel, Selectmen heard that the Deniz property legal case is settled. DeCosta said that an earlier discussion with Bradley Barrows on an easement over the land once the case was settled could now be discussed again, if he chooses to avail himself of purchasing adjacent private land.

WENT INTO EXECUTIVE SESSION with Town Counsel and the Board of Health on the advice of the town counsel. Fleming cited, "the potential civil litigation concerning a revised extension consent order from the State Department of Environmental Quality Engineering (DEQE) on the sanitary landfill."

The Board of Health was issued

a violation notice on April 29, 1986 following state inspections. On September 17, 1986 the DEQE issued a consent order to correct the violations. Since September the Health Board employed Tighe and Bond to comply with one of the orders for professional engineers services. Health Board Chairman Evelyn Ellis said, "We are progressing as fast as we can to comply, but our biggest problem in adhering to the time schedule is due to financial constraints."

Mrs. Ellis said three immediate problems are: ridding the landfill of metals, such as refrigerators, etc., removing brush and covering the dump matter. The Board has obtained the services of Vernon Resources of Middleboro (the company who worked on the tire pile) to reduce the brush, and are considering methods of removing the metals. Covering the dump matter has been held up because the cover dirt is frozen, she explained.

ing about 2300 gallons and owned by the Point Oil Commpany of East Freetown, was driven by John Houghton of New Bedford. The truck stopped just short of the Mattapoisett River, when the drive shaft of the vehicle broke and ruptured the pipe connection to the truck's tank. Clean-up efforts were swift and little was visible of the oil on scene on Sunday.

Responding immediately to the accident were the Mattapoisett Police and Fire Departments and the Highway Department. The Highway Department banked up the sides of the road with piles of sand to prevent the oil from getting into the culverts leading to the river. Also responding were the State Police, the State Department of Public

Marion Natural History

PROGRAM ON ENTOMOLOGY

The Marion Natural History Society will meet Thursday, February 26th, at 7:30 p.m. at the Museum, 8 Spring Street, Marion.

Joan Lasota, Ph.D. will speak on the most recent developments in the field of Entomology. The subject of her talk is "Integrated Pest Management". There is universal concern about the long-term effects of the use of pesticides on our total environment, earth, air and water. Encouraging helpful insects and birds to control harmful insects will substantially reduce the need for chemical controls.

A short business meeting will precede the program. There is no charge for admission and there is handicapped access.

QUESTION:

HOW DO EMPLOYEES & COMPANIES BENEFIT FROM CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: With higher performance and more productivity.

When a worker is sidelined because of a health problem, everybody loses.

The company loses a valuable employee, which could mean a loss of production. The worker loses self-confidence in addition to suffering pain and disability. The family unit loses part of its income, so important to maintaining a standard of living. The union loses part of its health and welfare fund in payments and other benefits.

Obviously, there is no way of eliminating on-the-job and off-the-job injuries entirely. But it would be helpful and less costly for all if time for recuperation could be reduced.

Chiropractic can reduce time off. In fact, comparative studies of Workers' Compensation cases from a number of states prove chiropractic's effectiveness in getting injured employees on their feet faster.

Imagine the advantages of eliminating hospitalization. Being treated on an out-care basis. Not being subjected to the hazards and expenses of drugs and surgery.

Here's what you can do:

- Get to know the chiropractic health method and its benefits.
- Make chiropractic services available to employees in any health and welfare or insurance program with which you are associated. Insist upon it.
- Recognize the importance of structural health. One of the best safeguards against illness and disease is to practice a program of health care which includes chiropractic spinal examinations.

Chiropractic health care makes sense—in terms of people and money.

ONE INDUSTRIAL DRIVE, MATTAPOISETT

ed on the "Program for the Elderly" Sunday, February 15th.

In all the many years that I have lived in Mattapoisett I have never seen such friendship and caring shown as there was today. It made one think that we are all one big happy family and lucky to be living in Mattapoisett.

The occasion must have called for a great many hours of planning and also the willingness of everyone concerned to help make it the huge success that it was.

Nothing was forgotten, and nothing was spared to make it a huge success. Even the pretty flowers for the ladies were such a thoughtful treat.

I'm sure all of the Seniors must have left the hall with a feeling of love and friendship towards everyone who attended, and all of those who worked so hard to make it a real Happy Valentine's Day Party. Thank you all.

Florence Bennett

way we would not have to change the meeting night on Thanksgiving and Christmas. If there are any questions please call the Commander.

Membership was discussed. We now have 135 members. If any veteran would like to become a member, please contact Commander John DeCosta at 758-2310 or First Vice Commander Michael Lamoureau at 758-9321, membership chairman for the Post. We encourage Vietnam Veterans to come and be a part of the American Legion. We welcome you.

A request was received from Tobey Hospital for all veterans to join the Community Blood Bank. Each year Tobey uses between 700 to 800 pints of blood. As one of only two Community Blood Banks in the state, Tobey Hospital depends on the community to maintain the facility's blood supply. Your cooperation is needed soon. Please call Tobey Hospital at 295-0880, extension 257. Save a life.

Upon the request from the Board of Selectmen, the Florence Eastman Post 280, American Legion will head up our national celebration during 1987 for the 200th anniversary of the signing of the Constitution.

Some of the events to take place this year in remembrance of our nation's celebration will be a program at Center School and Old Hammondtown School, the Memorial Day Parade, a Band Concert on July 1st at 8 p.m., the Fourth of July Road Race and the Tri-Town Veterans' Day Parade. Commander John N. DeCosta was voted to be chairman.

A work party will be at the Post Saturday, February 28th, at 8:00 a.m.

Please remember, the meeting night changes to the third Wednes-

Bill Harley to Perform

AT CENTER SCHOOL

Bill Harley did not learn mountain tales at his grandfather's knee, nor did he put his hands on a guitar until he was eighteen; and he did not win the lead role in his sixth grade production of "Oklahoma!". But somewhere along the way he did learn to stand up in front of an audience and entertain them with one of the most dynamic, enjoyable shows around by a sole performer. Whether he's telling a folktale, doing a hambone to "Fifty Ways to Fool Your Mother", or singing about the strange creatures in the bathroom plumbing, Bill puts on a show that both young and old will enjoy and remember.

In the past five years, Bill has performed up and down the east coast at hundreds of schools, coffeehouses, camps, festivals, and community events. Depending heavily on original material, his songs and stories are both humorous and meaningful, applauding our strengths and hopes and calling attention to our weaknesses.

In November of 1984 Bill released his first record of songs and

seal design is handpieced and appliqued by machine stitchery and can be flown outdoors.

A check of past town reports and from information obtained from Town Clerk Lois K. Ennis, the historical background has revealed a town seal appears to have been used officially for the first time on the 1899 town report. The design used at that time was slightly different from the one in use today, as the earlier seal depicted a rising (or setting) sun in the background with the Indian holding a bow across the seal, and with no cabin on the boat. No records could be found concerning the designer or artist who created the seal.

On April 10, 1899, the state legislature passed a law calling for each town not having a seal to draw a seal and adopt same at an annual town meeting. It appeared Mattapoisett was one of the towns that had a seal before the state law went into effect.

An original committee appointed

in 1900 to abide by the state law was comprised of Dr. David H. Cannon, John C. Atsatt, the Board of Selectmen and Town Clerk George H. Dexter. However, on February 5, 1901, town meeting members disbanded the larger committee and voted "a committee of one-namely, Town Clerk Dexter - to come up with a seal design".

The seal adopted by town vote in 1901 eliminated the sun, moved the Indian bow to an upright position and added a cabin on the boat. Also in 1901, Town Clerk Dexter was allocated $11.80 to purchase from Mortimer Searles Company a seal press with the adopted design. In 1907, stationery with the town seal on the letterhead was first purchased for use by the Town Clerk. Mrs. Ennis said the old 1901 seal press is kept in the town clerk's safe as an historic reminder of the past.

In 1907 the newly adopted seal was first used on the town report covers. When checking old town reports, it was found that the years from 1944 to 1949 reverted for some unknown reason to the old design on the covers. Since 1950, the town seal has been placed inside the reports with a different scene depicting an Indian in the foreground with the Mattapoisett shoreline in the background.

Wrestling Tournament at Tabor

Tabor Academy will host the twenty-fifth anniversary Class A Wrestling Tournament on Saturday, February 28th, at the Stone Gymnasium, Marion. Ten private schools will compete in this annual event. The double-elimination tournament begins at 10:30 a.m. and will include the following teams: Exeter, Andover, Deerfield Academy, Northfield-Mt. Hermon School, Wilbraham-Monson, Vermont Academy, Hyde School, Worcester Academy, Cushing Academy and Tabor. Three mats will be used in the morning and afternoon rounds. The finals will begin at 7:30 p.m. on one mat and in the main gym.

There are twelve weight classes in high school wrestling from 110 pounds to heavyweight. All wrestlers are weighed in the morning preceding the tournament. Each bout consists of three two-minute periods. Points are awarded for take-downs,

escapes, reversals and near-falls. The bout ends automatically when one wrestler is pinned (shoulder blades on the mat for 2 seconds). Amateur wrestling should not be confused with the professional wrestling on TV. The rules are different, and the amateur wrestler, in the opinion of many sports authorities, is the best conditioned of all athletes. He must have the stamina of the long distance runner, the ability to withstand the contact of a football player and the agility of a basketball star.

Tabor grapplers have won the trophy nine times and have had sixty-one individual champions. Coach Bidstrup has high hopes for this year's team led by Captain Kiyomi Monro, a returning champ.

The 25th Class A Wrestling Tournament is open to the public and admission is free. If you've never seen "real" wrestling, this is your chance. The Stone gym is located between Front and Spring Streets on the Tabor campus in Marion.

Mattapoisett School Committee

The Mattapoisett School Committee regular meeting of Monday, February 9th, 1987 was canceled due to inclement weather. The meeting will

Old Colony Open House

Residents of the community are cordially invited to attend an Open House on Sunday, March 1st, from 1:00 to 3:00 p.m. at Old Colony Regional Vocational Technical High School in Rochester.

The goal of the Open House is to provide residents of the community with the opportunity to observe the educational opportunities available through a vocational-technical education program. Each of the school's twelve vocational programs will be operating and student projects will be on display.

Parents of pre-high school age students are particularly encouraged to attend. Guidance Counselors will be available to explain vocational program opportunities, related academic courses and potential career employment options.

Refreshments will be served by the Culinary Arts Department.

ATTENDED CONFERENCE

Darcy Hope Lee, daughter of Marilyn and Daniel C. Lee, Jr. of 42 Church Street, Mattapoisett attended the 19th Annual East Coast Regional Conference of the National Association for Campus Activities at the Americana Host Farm Resort in Lancaster, PA.

Miss Lee, a sophomore at Marymount College in Tarrytown, New York, was one of 800 delegates sent to the conference as a representative of her college's Student Activities Committee. The N.A.C.A. East Coast Conference was designed to create opportunities for college students to view different stage acts, musicians, bands, comedians, films, and lectures with the intention to hire for their campus activities and to meet with and discuss with other college students about student activities program-

JOHN WELLING OF MATTAPOISETT TOP MEMBER OF FOOTBALL TEAM

John Welling of Mattapoisett was one of the top members of the Springfield College varsity football team which posted a 4-5 record this past fall. The Chiefs, coached by Mike DeLong, beat Albany State, Central Connecticut State University, Lowell and Western Connecticut State University. SC lost to teams that compiled a 32-10 mark.

The 5'11", 170 pound, placekicker, Welling led the Chiefs in scoring with 27 points (12-94-12 in extra points while converting 5-of-9 field goals). His field goals were against AIC (40 yards), Albany State (37, 40 in a driving rainstorm), Western Connecticut State (42) and Lowell (35 in the driving rain). All of his misses were 40 yards or longer.

During his outstanding career, Welling scored 100 points (41-of-48 extra points, 23-94-41 field goals). Last year he tied the New England College Division record with four field goals against Lowell (including one of 51 yards which tied the school record).

Welling received his bachelor of science degree in rehabilitation last year. He is currently working on a master's degree in education.

"AT THE ROPEWALK"

March 6th, at 8:00 p.m. at the Rotch-Jones-Duff House & Garden Museum. The Museum is located at 396 County Street in New Bedford adjacent to the Swain School of Design.

Mychal Gendron, a classical guitarist, is the featured performer and will present a recital of 19th and 20th century music. Mr. Gendron, a man of wide-ranging talent, was chosen while a student to perform for the renowned guitarist Andres Segovia when the Maestro was honored at the University of North Carolina. Professionally, he has toured extensively in South America, New England and the Middle Atlantic states. Most recently he has performed with the Sippican Chamber Orchestra locally, and has given solo recitals at Dartmouth College in Hanover, NH and Brown University in Providence, RI.

The concert is open to the public. There is no admission charge. Other concerts in the series are scheduled on March 20th and April

Early Childhood Advisory

The joint Early Childhood Advisory Councils of Marion, Mattapoisett, Rochester, and the Old Rochester Regional School District will be hosting a gathering of area education, health care, child care, and social service professionals at the Old Rochester Regional Junior High's Library on Thursday, March 5th.

The program will include information on Project "BUD" (Better Understanding of Development) which is conducting a needs assessment of programs and services for young children and their families in the tri-town area.

Most importantly, it will provide a forum for all professionals to discuss current trends and seek to strengthen lines of communication among this group serving a common population.

All Early Childhood Professionals are invited to attend this meeting which will begin at 7:30 p.m. For

Wildlands Trust

The winter of '87 has been a difficult one and the Plymouth County Wildlands Trust is planning to help the public find some fun in the season at a special program on Saturday, February 28th, from 9:00 a.m. to noon. The meeting place is the parish hall of the Church of the Good Shepherd, Episcopal, High Street, Wareham. After an introduction there, Naturalist Sharon Young will lead a free walk at PCWT's Minot-Weld Conservancy nearby. It will focus on the winter world of the forest. The program is especially designed for families and will help participants look for animal homes and tracks, learn how insects survive the cold, and identify common plants in their winter forms. There will be information available on how to keep warm in winter and avoid the dangers of hypothermia. Sturdy, waterproof footwear and warm clothes, gloves and hat are essential for safety and comfort. A snack and beverage may add to enjoyment. For more information or directions please call 224-2765 or 826-5050.

The Plymouth County Wildlands Trust is a non-profit land trust dedicated to the preservation of natural areas in southeastern Massachusetts. It owns and maintains over 1,000 acres of conservation land for the public benefit of 8 towns, including Rochester & Wareham.

Tobey Hospital

FREE BLOOD PRESSURE AND CHOLESTEROL CHECKS OFFERED

Area residents can take advantage of free blood pressure and cholesterol checks during a one-day program sponsored by Eric Goren, M.D., a Wareham cardiologist, and Tobey Hospital.

The free service will be provided at Dr. Goren's office, Suite 11, at the Wareham Professional Building on Marion Road, on Friday, February 27th, from 10 a.m. to noon and 1 to 5 p.m. No appointments are necessary and the testing will be administered on a first-come, first-served basis.

According to Dr. Goren, research has demonstrated that lowering blood pressure and blood cholesterol can reduce a person's risk for heart disease. "Our public service offers area residents a chance to evaluate their risk factors for heart disease," Dr. Goren said.

CONTINUING EDUCATION LECTURE

"Nutrition and Heart Disease" will be the topic of a continuing education lecture at Tobey Hospital on

GROWTH MANAGEMENT STUDY COMMITTEE

Notice is hereby given that a public meeting will be held on Thursday, March 5, 1987 at 7:00 p.m. in the Mattapoisett Town Hall.

The objective is an open discussion of the growth management and planning agenda facing the Town including but not limited to harbor/waterfront, land use and zoning, housing, environmental protection and public capital facilities. Citizens and board members interested in serving on the Growth Management Study Committee will be asked to register for appointment by the Board of Selectmen. Citizens wishing to join who cannot attend this meeting are encouraged to indicate their interest in writing to the Board of Selectmen no later than March 13, 1987.

BOARD OF SELECTMEN
John N. DeCosta, Chairman
James F. Huntoon
Frank M. Suzan

February 25, 1987

Glass Museum.

By special arrangement with Friends of the Dartmouth Libraries, Ms. Young will offer one of her unique and rarely heard presentations on March 5th at 7 p.m. in the auditorium of the Southworth Library, 732 Dartmouth Street, South Dartmouth. There will be no admission fee, and the public is cordially invited.

Her informative review of the work produced by the city's internationally famed factories will be illustrated with color slides from her extensive library of pictures. A recognized authority on art glass, Ms. Young's discussion of the various styles and techniques used locally will reveal why New Bedford glassware was an outstanding product over a period of several generations, and why collectors have grown to appreciate it now more than ever.

Following the talk she will open the meeting up for questions and will accommodate members of the audience who wish information (but not estimates of value) about any one piece of glass which they may bring to the meeting. Ms. Young, now in her fifth year at the helm of the prestigious museum in the city's historic district, came to

the area with a wealth of experience in administration of art museums, having been a director for several years in Lakeland, Florida and Saginaw, Michigan. She also served as a Curator at Rutgers University and as Education Fellowship Coordinator at the Toledo Museum of Art.

She earned a master's degree at the University of Michigan where she specialized in the fields of American decorative arts, architecture and early 19th century painting. She has several published articles to her credit, and had been an art critic and columnist and exhibition catalog annotator.

Her current personal interests reflect her early educational exposure to languages and art history; she enjoys English poetry as it developed from the 1200s through the 1700s, and as a collector of objets d'art she likes Oriental and English ceramics of the 19th Century.

The Friends Volunteers will serve light refreshments after the program.

EIGHTH ANNUAL INTERNATIONAL WOMEN'S DAY CELEBRATION SET

International desserts, music, poetry, speakers and a slide show will highlight this year's celebration of International Women's Day on Sunday, March 8th, from 2:30 to 6 p.m. at the First Unitarian Church, New Bedford.

Themed "The Tapestry of Our Lives", the event is co-sponsored by the New Bedford YWCA, the Women's Center, Bristol County National Organization for Women (NOW), the National Council of Jewish Women and the SMU Women's Center. The theme will be explored by an exhibit of women's family histories and culture.

"Let Life Be Yours" is the title of a slide show produced by the Cambridge Oral History Project to be featured at the eighth annual celebration. Other guests include Maggi Peirce, Umoja, Diana Earthmission, Dawn Blake Thomas and Lenny Rainsbottom.

As a fund-raiser for the Women's Center, the event's organizers plan a raffle of a quilt that was handcrafted in the "Shoo-Fly" pattern last Fall by more than 45 area

women. Raffle tickets are currently available through the Women's Center, and will be on sale at the March 8th celebration.

Donation for admission to the event will be $3. Child care will be available.

BACKGROUND ON INTERNATIONAL WOMEN'S DAY

On March 8, 1908, thousands of women--mostly garment and textile workers from New York's Lower East Side--marched in a militant demonstration. They demanded the 8-hour workday, equal pay for equal work, an end to child labor, and women's suffrage. Since then, March 8 has been set aside to celebrate the struggles of women around the world for a better life for themselves, their families and the generations to come.

WANG WORD PROCESSING TRAINING

The Bay State Centers for Displaced Homemakers is offering a FREE Introductory Wang Word Processing course March 16-20, 9:30 a.m. to 2:30 p.m. at Massasoit Community College in Brockton. There are openings for 12 students, who must know the typewriter keyboard to qualify for this hands-on, self-paced course. Call Margaret Lord, 1-800-362-4282 toll free, or at the YWCA, 999-3255.

LAST CHANCE TO SEE WINTER BIRDS

Sachuest Point in Middletown, Rhode Island is a spectacular "hot spot" for observing winter birdlife. On Sunday, March 1st, from 9 to 11 a.m. Lloyd Center Naturalist Bob Deegan will lead an interpretive walk in this unusual area.

Most of our wintering water birds, loons and grebes can be observed from excellent vantage points along the rocky shoreline of Sachuest. Of particular interest is the annual population of harlequin ducks, an uncommon winter visitor. This year the regular appearance of at least three snowy owls in the area and several king eider have made the winter extra special for ornithologists and bird enthusiasts.

According to Deegan, "A birding trip to Sachuest is a memorable experience. I encourage people to come along."

The group will meet at the Lloyd Center before heading to Sachuest. Space is limited, and participants can pre-register by calling the

ANNUAL MEETING

The Katharine Nordell Lloyd Center for Environmental Studies announces that its third Annual Meeting will be held on March 3rd at 7 p.m. at the Congregational Church, Middle Street, Padanaram (South Dartmouth). The public is invited to attend and to join with Lloyd Center members in the celebration of six years of active programming and projects of the Center.

The annual meeting will include election of new officers and Board of Directors members in addition to an overview and report of the previous year's events and activities. Exhibits and Lloyd Center publications and project reports will be on display.

Dr. Alan Hankin, Lloyd Center Executive Director, will make a presentation on the Buzzards Bay Project Public Participation Program which has been coordinated by the Lloyd Center since 1985. This slide show and talk will be followed by refreshments and time for questions and answers. Staff and Board members from the Lloyd Center will be on hand to answer any questions which people in attendance may have regarding the programs and operations of the Center.

For additional information contact Faye Rapoport, Public Affairs Coordinator.

Simplicity OVERLOCK

THE HOUSEHOLD MACHINE THAT SEWS PROFESSIONAL STITCHES AUTOMATICALLY!

Create in minutes what used to take hours. Adjust stitch length from 1 to 5 mm just by pushing a button, a dial changes stitch width from 2.5 to 5.3 mm. Simply flip a lever to start narrow roll hemming. Self threading loopers are big work-savers, conversion from 2 to 3-thread operation is easy as pie. We've made it Simple.
